

Salmo Elementary School PAC Report

January 2023

Highlights

November Multi-Age Activity - Courage: Courage Catchers!

Throughout the month, students learned about courage; what it meant, what it looks like, and how we can practice it on a daily basis. They further learned different types of courage, including moral courage (what it means to stand up for what is right), and sacrifice (to put one's own wishes and needs aside for another).

These courage catchers were paper hearts that contained reminders of when students felt brave. They wrote on strips of paper times when they have been brave and then sewed them into decorated hearts.

December Multi-Age Activity - Humility

For this month's multi-age activity, each group created posters and artwork of one of the animals represented by the Seven Sacred teachings.

This is HUMILITY because by creating things together, we humbly acknowledge each other's creativity and accept all our unique abilities and ideas.

We also showed humility by honouring the animals equally as part of our group, just as important as humans, within our school family.

Holiday Concert

Students and families enjoyed our first in-person holiday concert! Each class had a presentation and a sing-along song to share. It was a highlight of the month and a great way to send everyone off for the holidays.

Holiday cards

The Gr. 3/4 class, once again, partnered with the local senior centre and made cards and gifts for all residents. They made over 120 hand made cards and notes to spread the holiday cheer.

Volleyball Tournament

On January 13, Gr. 4-6 players participated in a District wide volleyball tournament in Nelson. Students practiced hard and had a great time! They were complimented as being the most organized and positive team there. Way to go Salmo!

Other activities this month...

Holiday Kids Shop - The holiday shopping was a big success! Students enjoyed buying presents for loved ones.

Fostering Literacy - Many thanks to our community tutors who are here weekly to read with students

Lunch clubs -Creativity club, volleyball, basketball and choir are all well attended!

January Play in the K - 11 students attended

Lots of outdoor play and learning!

Looking forward and coming up...

Jan/February - Winter activities (XC skiing, skating, downhill skiing)

Jan. 27 - Report Cards released

2023.24 Projections

Kindergarten Registration

Jan. 26 - Multi-age activity - Wisdom

Feb. 9 - Play in the K

February - Love (Valentine's Day)

How you can partner with us

**Cross Country Ski
Program**

Thank you!!
